GENERAL

1. The International Motorsport Bond for Amateurs named as IMBA, acting on behalf of their European members has the right and responsibility to regulate all that is generally necessary for the motorsport.
2. European competition meetings may only be organised by affiliated members of the IMBA. Non-members can only organise after a previous and written permission of the other members.
3. The organising member is responsible for all the necessary permits and licences and insurance.
4. Members report as fast as possible, but at least two weeks before the next congress to the IMBA secretary their events for European, and other international competitions for the next season to the IMBA Secretary.
 - a. Between the periods of a category on the calendar must be at least a weekend. (so 14 days between two races)
 - b. A maximum of 2 categories can be held at one event! Exceptional combination EM - MX2 or Open or Ladies with the 2 youth classes
 - c. A change of a date, or addition to the contest calendar for the coming season is only permitted until **30 days** after the congress.
After the Date (30 day after the congress) no addition of dates, or modification dates. If it will be necessary to change, you can only change the place of the event. If it is not possible to change the place, then a event must be cancelled.
5. If any member is compelled to annual a event this must be made known to all members, at least 14 days before the date of the event.
 - a. If an event eventually has to be cancelled the day before, this will be discussed and decided with the Organizer (sport leader from the Federation) and the present Team leaders **and a telephone call with the IMBA Secretary.**
 - b. Events that have to be cancelled two days before or on the events day, whatever the reason is, cannot once more be put on the calendar the same year, because of the costs for the federations.
 - c. **If the number of events is less than 5, the event can be released on the Calendar.**
6. The promoting federations have to send the following forms 4 weeks in advance by email to the IMBA secretary:
 - Information sheet of the IMBA

- The time table and Program Saturday and Sunday
- Place of the event and route map
- GPS informations (very important)
- Touristic information

If changes are made in the time table (the driver presentation on Saturday), the changes have to be on an early time announced at all members of IMBA and in the INFO or to announce the IMBA website.

If the driver's presentation postponed to Saturday (see also Rules of Procedure), the organizer is also obliged to **give souvenirs** for the participants, who were absent on Saturday, to each team leader on Sunday morning at the meeting.

- a. The organizing federation must, for every registered participant, have disposed at the entrance of the circuit an envelope with the predetermined number of entrance tickets. (For the sidecar rider and passenger separate envelopes), or give the envelopes including information to the team leaders at the last held race for the next race in this class.
 - **Team facilitator = 2,**
 - **solo riders = 2,**
 - **side-car = 2, co-driver = 2,**
 - **IMBA Board member 2**
 Each with tickets for the paddock.
 - b. On presentation of the entry form (issued and signed by the association and driver), the respective admission tickets are handed over
 - c. Associations must issue separate entry forms for drivers and co-drivers. (Print it 2 time) If a driver / passenger arriving without entry form to the event, so he may have to pay an entrance fee. (side car print tow times)
 - d. For non IMBA competitions there other agreements and regulations**
 - is another form available (entry form).
 - Riders who want to participate in an International class (no EK race) must sign up this timely through their Federation.
 - For the correct information on the entry form, as well as on the licence, the relevant federation is responsible.
 - Entry forms must be fully completed, and signed by the federation and rider, copies are not allowed. A fax where is missing the fax header, is also not permitted.
 - The driver and passengers pay the obligate start fees and entry fee.
 - The association/drivers should make inquires, or should the association asking first whether he could send the driver and for what classes.
 - Likewise, the sending organization should send a list or a copy of the entry form to the organizing association.
- 7.** The total responsibility on matters concerning IMBA is held by the IMBA Jury, eventual in dialogue with the IMBA representative.
The representative of the organising country in the International Jury is responsible for:
- a. Organizing a meeting of team leaders; **every time 10 minutes after the each practice and races.**
 - b. Organizing the list of riders entered motor-manufactory, start numbers and names of team leaders.
 - c. Where with an electronic time perception is worked, the list of the starting grid for all the 3 series is drawn up from the list of time practice / qualification.
 - d. Where no electronic time perception is used, the place on the grid is according to the position of the championship at the start of the first run. For the following runs is starting according to the results of the previous run.
(See hereby Art.33b)
 - e. The list of participants and the three runs and the day results have to be sent to the IMBA secretary.
- 8.** The Jury-chairman is the representative / team leader of the organising country. The jury consists of representatives from the countries that take part in the event.

- a. Regardless of whether the timing is done via transponder or not, each organizing club or Federation has to ensure, that there is a team of at least 2 people for manual timekeeping. If there is no manual time keeping, so it will be only the result of Maylaps. If there problems with decoder, power supply and there will be no run result possible, the run can be declared invalid. Alone, the rider is responsible for the **good** operation of the / his transponder. If no function / no record, no result for this rider.
If a Transponder is handed over by the organizing association, the responsibility for the good functioning is with the issuing association. It is obligated to check the functions of each transponder before each practice / run.
- b. After the runs, the team leaders declare the day result for okay and have to sign it. On the end of the day receives each team leader and IMBA representative a complete set of the days result list.
- c. Also the team leaders have to sign a race report made by the IMBA representative, containing all information (Conditions, problems and penalties) from the team meetings have been recorded, so that it can be included into the next race(s).
